

The Benefits of Buying Coretec Ivory Coast Oak Vinyl Plank

Coretec Ivory Coast Oak vinyl plank flooring is a fantastic product for the home. It's strong, easy to install, and looks stunning. Here are some facts you should know about Coretec Ivory Coast Oak vinyl plank flooring before you make the purchase. Coretec Ivory Coast Oak vinyl plank flooring comes with a lifetime residential warranty. It is the very first detail you need to know about Coretec Ivory Coast Oak vinyl plank flooring. Be sure to check the warranty details before purchasing this flooring.

Unlike laminate and solid bamboo flooring, Coretec does not contain any wood components within the planks. Therefore, it will not shrink over time like hardwood flooring. What also makes Coretec distinct against other types of vinyl flooring is that it's water-proof; this means that if someone spills things on your floor don't worry about ruining your flooring because water won't enter through the surface of the plank to damage the substrate underneath.

Coretec's Ivory Coast Oak vinyl Plank is constructed with recycled materials made up of 100 percent which is why it's made in a sustainable manner. If you opt for this option it will be a breeze to not be concerned about the waste of the product when installing the plank floors inside your home. Additionally, the water used in manufacturing Coretec Ivory Coast Oak Vinyl Plank can be recycled too. This reduces the carbon footprint in the production of the flooring. It's also simple to install and can be done in just a few hours.

If you are looking for a product which resembles wood but doesn't need any maintenance, coretec plus ivory coast oak Oak Vinyl Plank is a fantastic option in your residence. It comes with a variety of advantages, making it the perfect choice for flooring with hardwood. Another advantage for Coretec's Oak Ivory Vinyl Plank that it's constructed from recycled materials, so you'll never have a problem being green.
